The Chatham Zoning Board of Appeals will hold a public hearing on Monday, May 2, 2022, at 4:00 p.m. in the Town Hall Annex large meeting Room, located at 261 George Ryder Road, Chatham, MA to receive public input on the revisions to the Nitrogen Loading regulation.

Copies of the revised draft regulation may be obtained at the Town Hall Annex Building, Health Division located at 261 George Ryder Road, Chatham, MA and on the town’s website.

The Cape Cod Chronicle
April 21 and 28, 2022
The annual “Water Quality Report” is prepared by the Chatham Department of Public Works Water Division in accordance with the terms of the Safe Drinking Water Act (SDWA) and its implementing regulations under 40 CFR Part 141 and Part 142. The SDWA requires that this report be prepared and distributed each year to all residents of our community. The Water Supply Division conducts regular sampling and monitoring of water from our public drinking water system to determine the occurrence of contaminants in drinking water and whether future regulations are warranted.

The Chatham Department of Public Works Water Division

Annual Water Quality Report - Calendar Year 2021

Out of every 10 homes, 9 were at or below this level.

Treatment techniques (NTA) are required processes intended to reduce the level of a contaminant in drinking water. 

Bathing Annual Average (RAA) - The average of four consecutive quarters of data.

pH is set or held at certain levels (mg/L or ug/L)

N/K - Not a potable supply.

Substance found in Tap Water:

- Snow and salty water includes heavy metals, bacteria, viruses, and radionuclides.
- Inorganic contaminants include radon and arsenic, which can be naturally occurring or result from urban development.
- Chemical contaminants, including synthetic organic compounds, which can be naturally occurring or result from industrial processes.

The concentration of a contaminant that, if exceeded, triggers treatment or other requirements that a water system must follow. It is the level above which adverse health effects are unlikely to occur after chronic (lifetime) exposure. If exceeded, it serves as an indicator that the water poses a health risk. More information about contaminants and potential health effects can be found at the EPA’s Safe Drinking Water Hotline at (1-800-426-4777).

In addition to the tap water testing, the Chatham Select Board, as required by the Safe Drinking Water Act, also conducted a water sample from a private well located on the property of a local water system, to include the addition and monitoring of pH adjustment with Potassium Hydroxide and disinfection with Sodium Hypochlorite. The presence filters remove arsenic and iron from well B, F & G, and uranium and pharmaceuticals with Solids. Aldophosphate is used in the Chatham Department of Public Works Water Division.

If a drinking water system is in compliance with all health-based drinking water standards, it is considered to have an effluent quality that protects public health. The Department and its contract operator, Weston & Sampson, are committed to providing the best possible quality water to our customers.

Sampled Source Water:

- Snow and salty water includes heavy metals, bacteria, viruses, and radionuclides.
- Inorganic contaminants include radon and arsenic, which can be naturally occurring or result from urban development.
- Chemical contaminants, including synthetic organic compounds, which can be naturally occurring or result from industrial processes.

1.34 ppb

- PFNA, PFHxS, PFNA, PFOA, PFOS, PFBS, PFHxS - PFOS, PFBS, PFHxS.

The Department and its contract operator, Weston & Sampson, are committed to providing the best possible quality water to our customers.

PUBLIC NOTICE OF ENVIRONMENTAL REVIEW
PROPOSED JACKINS BEACH SHORELINE AND SALT MARSH RESTORATION

LOCATION: 1 Orleans Rd., Chatham, MA 02633
PROPOSED: Town of Chatham

The undersigned is submitting an Environmental Notification Form (“ENF”) to the Secretary of Energy & Environmental Affairs on behalf of Town of Chatham. This will initiate review of the above project pursuant to the Massachusetts Environmental Policy Act (“MEPF”), M.G.L. c. 30, s. 61-64, and the ENF may be obtained from:

Town of Chatham
Natural Resources Department
harwich energia.gov
508-945-5165

Electronic copies of the ENF are also being sent to the Conservation Commission and Planning Board of Town of Chatham. The Secretary of Energy & Environmental Affairs will publish notice of the ENF in the Environmental Monitor, will receive public comments on the project for 20 days, and will then decide, within 90 days, if an Environmental Impact Report is needed. A site visit and/or remote consultation on the ENF may also be scheduled. All persons wishing to comment on the project, or to be notified of a site visit and/or remote consultation on the ENF, should email MEPF@mass.gov.

Correspondence will continue to be accepted, though responses may be delayed. Mail correspondence should be directed to the Secretary of Energy & Environmental Affairs, 100 Cambridge St., Suite 011, Attention: MEPF, Office, referencing the above project.

REQUEST FOR PROPOSALS
HUMAN SERVICES GRANTS PROGRAM
FISCAL YEAR 2023

The Town of Harwich Human Services Grants Program will consider requests from any eligible nonprofit or for profit organization providing a human service-related program that directly benefits the residents of the Town of Harwich.

In Fiscal Year 2023, the Town of Harwich expects $23,200 to be available to distribute in grant funds. The Town usually makes 8 to 12 awards, with the majority of awards amounting to $10,000 and typically in the $3,000 to $6,000 range. Due to limited funding and the competitive nature of this program, the Town of Harwich may seek to partially fund some applicants.

Applicants must use the application forms in the Request for Proposal, which may be downloaded from https://www.harwich-ma.gov/forms. Grant applications in excess of the Town of Harwich grants Program can be directed to the Assistant Town Administrator at:

Attn:PROGRAMS Mgr
harwich ma.gov
508-430-1111

Applications must be clearly marked “H22 Human Services Grant Application” received no later than 4:00 pm, May 20, 2022, to:

Hinckley Home Center
138 Rte. 6A
Harwich, MA 02645
